# Introducing our range of all-inclusive Executive Packages

Our all-inclusive ticket packages are National Express East Coast's premium ticket type. They offer you convenience, flexibility and value. Each of our five packages, detailed in the table below, contain a number of different elements to suit your travel requirements.

When you buy a package it's not just a train ticket. You are also getting a combination of a meal (or snack) onboard, car parking and if travelling to London your Underground zones 1 and 2 travel, saving you time and money.

With extra flexibility and more straightforward choices, we hope you'll find that it's simply a better way to travel.

For more information or to purchase your ticket please visit [nationalexpress.com](http://nationalexpress.com)
